

UPDC Rethinking I-94 Event No. 1: Ayd Mill Road Survey*

1. Do you support the extension of Ayd Mill to connect with the I-94 frontage roads?

Yes No

2. What are your concerns about an Ayd Mill extension and connection to the I-94 frontage roads?

3. What you would like to see included in an Ayd Mill extension (more/fewer lanes, bike paths, pedestrian paths, greenery, etc.)?

4. Are there intersections in Union Park where you are concerned for pedestrian safety? If so, which ones?

4b. Do you think that an Ayd Mill extension could improve pedestrian safety at any or all of these intersections? Why or why not?

Additional comments:

**Union Park District Council has not taken an official stance on the extension of Ayd Mill road. At this time, we are not aware of imminent plans to extend and connect Ayd Mill Road to I-94 via the frontage roads. This survey was created for an event on July 15, 2018 as part of a grant from the Met Council with support from MnDOT. All feedback from neighbors will be included in a report to both organizations.*
